

**Amendments to the Specification:**

Please replace the paragraph beginning on page 1, line 4 with the following rewritten paragraph:

This application claims priority on Application No. PCT/CA2003/001285 filed on September 4, 2003 and published as WO 2004/023790, which claims priority from United States provisional application Serial No. 60/408,079, filed September 4, 2002 entitled "Patient identification method for CAD user-interfaces".

Please add the following new paragraph on new page 26, at line 1:

**ABSTRACT**

Please add the following new paragraph on new page 26, at line 2:

A method and system for identifying a digitized x-ray film having at least one label. The method includes the steps of: obtaining a digital image of said label; digitally associating said digitized image of the label with said digitized x-ray film; and displaying said digital image of said label thereby allowing a user to identify said digitized x-ray film.
